

DecoEssence™

A uniquely attractive “new look” in polymer floor coating systems

Metallic Pigment Flooring System

Produces a 3-dimensional look with incredible depth and vibrancy in a variety of colors and finishes for interior decorative applications.

Where Used

DecoEssence™ is ideal for many commercial and retail locations including restaurants, food stores, showrooms, galleries, entertainment venues, office and hotel lobbies, residential dwellings and generally wherever standard epoxy color coatings, stained concrete or vinyl tile is installed.

Advantages

- ▶ Excellent substrate adhesion and durable wear surface protection
- ▶ Provides a more homogeneous colored appearance vs. stained concrete
- ▶ Can be applied over new or old concrete, wood or cementitious toppings
- ▶ Superior hiding of substrate imperfections
- ▶ Seamless & sanitary; chemical & stain resistant
- ▶ Low maintenance (no waxing or buffing required)
- ▶ Slip-resistant surface textures are available with clear topcoat

DecoEssence™ is a three-coat, decorative polymer flooring system designed to produce a new, uniquely attractive 3-dimensional appearance with superior wear surface protection.
